

MSW COVID Safety Plan

'Get in, Play, Get out'

This plan applies to the MSW Staff, Volunteers, Coaches, Managers, Scorers, Players, Parents, Guardians, Spectators, and Supporters.

MSW expects that everyone involved or participating in the MSW hosted events complies with the plan and adheres to the guidelines and recommendations.

This plan is applicable to (but not limited to) the following MSW activities planned in the near future:

- Winter Pathways Program 2020
- MSW Carnival selection Net Sessions
- MSW Carnival selection Matches
- MSW Carnival Team Trainings
- MSW Carnival pre-carnival Trial Matches
- MSW Carnival matches
- MSW gatherings (pre/post) Carnivals
- MSW Club Cricket Matches 2020-21

Facilities	<p>Use of indoor facilities is to be minimised:</p> <ul style="list-style-type: none"> • Toilet facilities are to be accessible as per usual. • Access to other MSW facilities is to be restricted to a few people as possible. • Discussions at training and during games should be conducted outdoors wherever possible. • Use of dressing rooms is to be minimised – they are only to be used to change clothing or use the bathroom. <ul style="list-style-type: none"> • COVID Safe signage is to be displayed on all MSW facilities. • Financial transactions on premises where MSW activities are held are to be cashless. • Provide bins at each location. • Where practicable, entry and exit points to buildings, practice areas and playing fields are to be separately designated. • Place markers at 1.5m spacing in areas where people are likely to congregate (e.g. canteen etc.). • Regularly clean spaces with disinfectant. • Provide appropriate signage on restricted access and closed areas. • Wipe down frequently touched surfaces with disinfectant wipes (e.g.: door handles, light switches, counter and tabletops, bathroom surfaces and kitchen surfaces). • Canteens to be closed (except during Stage 3).
Communication	<ul style="list-style-type: none"> • Information regarding any issues or updates will be communicated via email to members and/or via the MSW website or Facebook page. • Team or squad-specific information will be communicated via the usual channels.
If you are diagnosed with COVID-19	<ul style="list-style-type: none"> • Contact MSW COVID Safety Coordinator (Rajat Saini, Email: safety@mswcricket.com, Ph: 0478 492 128) to advise them of your diagnosis. • Follow Queensland government instruction and guidelines. • Do not attend MSW activities during your self-isolation period.
Response Plan	<p>If a direct participant in MSW activities (e.g.: player, coach) is confirmed as contracting COVID-19:</p> <ul style="list-style-type: none"> • Notify Queensland Health and follow instructions provided. • Suspend the activities of the MSW’s groups potentially affected pending advice from Qld Health of how to proceed. <p>If an indirect participant in MSW activities (e.g.: parent, spectator) is confirmed as contracting COVID-19:</p> <ul style="list-style-type: none"> • Notify Queensland Health and follow instructions provided. • Notify other participants in those activities of the incident.

Item	Coaches, Managers, Scorers, Volunteers	Players	Parents, Guardians, Spectators, Supporters
Training and Playing	<ul style="list-style-type: none"> Remind attendees before commencing activities of the need to comply with the MSW's COVID Safety Plan at all times. Provide alcohol-based hand sanitiser for players and official use at all activities (MSW will supply sanitiser for each squad/team). Devise drills which maintain 1.5m separation between players. Avoid drills which involve passing the ball between players. No more than 5 players are permitted in each practice net during training. Training sessions are to be separated by a 15-minute break. Encourage all participants to leave promptly after training is completed. Field and training equipment (e.g.: stumps, markers) must only be handled by coaches, umpires and ground officials. This equipment must be sanitised after use. Umpires must make the toss before a game with their own coin with the home captain calling. No sharing of scoring equipment. Tablets are to be sanitised before and after use, and when being exchanged between scorers. Scorers need to be outdoors. Nominate teams using Mycricket, not paper nominated sheets. 	<ul style="list-style-type: none"> Batters and keepers can hit or pass the ball back to the bowlers in drills or nets. Gloves and bats should be sanitised after use. Players must use only their own equipment. No sharing of equipment is permitted. No sharing of clothing. No physical contact with other players (or other participants) is permitted. Saliva or sweat is not permitted be used to polish the ball. Spitting or clearing of nasal passages except into a tissue (which is to be immediately disposed of in a bin) is not permitted at any time. Eating or drinking containers or utensils must not be shared. Player kit must be stored outdoors and arranged with 1.5m spacing. Maintain 1.5m spacing from other participants at all times. (Permitted exception is when fielding in the slips or keeping up to the stumps during a game while the ball is in play.) Arrive dressed and ready to play/train. Clean up at home. 	<ul style="list-style-type: none"> Avoid staying at training sessions wherever possible. If you are a parent, please ensure your child is fully aware of the MSW's COVID Safety Plan requirements for players. For MSW Winter Program, Selection Trials (net sessions), and Training Sessions the parents are not permitted to stay at the MSW facilities. Preferably only one parent/carer per child/family should attend the <u>match activities</u>. Remain separate area to the players and team officials while spectating.

Playing Conditions and Enforcement Options (Cricket Australia Guidelines)

PLAYING CONDITIONS

Playing Condition A: Sweat and/or Saliva Placed on the Ball

Suggested wording of playing condition

1. At no stage should any participant intentionally place sweat and/or saliva on the cricket ball for any purpose
2. The umpire(s) must monitor whether sweat and/or saliva is intentionally placed on the cricket ball for any purpose
3. The umpire(s) must not allow the match to continue during any period after which sweat and/or saliva has been deliberately placed on the cricket ball, without following the cleaning direction first

DECISION FLOW CHART

Definitions

Intentional

When a participant, aware of the playing conditions, willfully places saliva and/or sweat on the ball for the purpose of gaining an advantage in gameplay

Unintentional

When a participant accidentally places saliva and/or sweat on the ball with no underlying intention to gain advantage in gameplay. For example, if a fielder habitually licks his/her fingers before the ball is delivered as a matter of routine

Playing Conditions and Enforcement Options (Cricket Australia Guidelines)

ENFORCEMENT PROCEDURES

Enforcement Procedure A: Sweat and/or Saliva Unintentionally Placed on the Ball

Suggested wording of playing condition

1. If it is the opinion of the umpire(s) that sweat and/or saliva has been unintentionally placed on the ball, they may apply the following enforcement procedures:
 - a. The umpires(s) shall call time, if necessary
 - b. The umpire(s) shall summon and inform the offending player's captain of his/her unintentional breach of Playing Condition A
 - c. The umpire(s) may choose to enforce any one of the following penalties:
 - i. The umpire(s) shall deliver a first and final warning to the captain
 - ii. The umpire(s) shall award 5 penalty runs to the batting team
 - iii. The umpire(s), if they feel that health and safety has compromised to such an extent that play has become dangerous, may choose to abandon the match
 - d. The umpire(s) will direct the fielding captain to carry out the cleaning direction on the ball before resuming play

Enforcement Procedure B: Sweat and/or Saliva Intentionally Placed on the Ball

1. If it is the opinion of the umpire(s) that sweat and/or saliva has been intentionally placed on the ball, they may apply the following enforcement procedures:
 - a. The umpires(s) shall call time, if necessary
 - b. The umpire(s) shall summon and inform the offending player's captain of his/her intentional breach of Playing Condition A
 - c. The umpire(s) may choose to enforce any one of the following penalties:
 - i. The umpire(s) shall deliver a first and final warning to the captain
 - ii. The umpire(s) shall award 5 penalty runs to the batting team
 - iii. The umpire(s), if they feel that health and safety has been compromised to such an extent that play has become dangerous, may choose to abandon the match
 - d. The umpire(s) will direct the fielding captain to carry out the cleaning direction on the ball before resuming play
 - e. The umpire(s) shall, if they deem necessary, report the occurrence as soon as possible after the match to the Executive of the offending player's team and to the Governing Body responsible for the match, who shall take such further action against the player, the captain, any other individuals concerned and, if appropriate, the team

Other Guidance

Cleaning Direction

1. Every forty (40) minutes, play is to be stopped so that the ball can be cleaned with an antimicrobial wipe
2. At the same time, all participants and umpire(s) on the field should clean their hands with a suitable sanitiser
3. This routine should also be followed at the start of any drinks break, the fall of a wicket, close of an innings, any other breaks in the game (rain etc.) or immediately following any breaches resulting in Enforcement Procedures A – B
4. For all Senior Matches the responsibility of carrying out the cleaning of the ball will lie with the fielding captain. For all Junior Matches the cleaning of the ball is to be completed by the fielding team's coach or match manager
5. The person responsible for carrying out the cleaning must ensure they have cleaned their hands with a suitable sanitiser, and consider wearing disposable gloves whilst carrying out the cleaning
6. The umpire(s) are at no time to handle the ball

Return to Play Guidelines (Cricket Australia Guidelines)

Cleaning of the ball

Every forty (40) minutes (or at a stoppage prior to the forty-minute mark i.e. at a drinks break), play is to be stopped so that the ball can be cleaned with an antimicrobial alcohol-based wipe. This process is also to be completed at the fall of each wicket and during scheduled breaks in play. This is to be completed by the bowling team captain under the supervision of the umpire or Team coach or match manager for Junior Matches.

Checking the Condition of the Ball

Should the umpire need to inspect the ball, the fielding captain should be instructed to present the ball to the umpire who will then visually inspect the condition of the ball. Should any repair work be required, or the umpire wishes to further inspect the shape of the ball, they may undertake this work personally. However, umpire(s) should wear gloves whilst completing any work on the ball and sanitise their hands immediately after completing the work on the ball.

Placing of the ball at the taking of a wicket or end of a session

At the taking of a wicket, or at the end of a session/drinks break, the player who last fielded the ball will be responsible for placing it next to the stumps at the end of the pitch where the next ball/over will be bowled. At the conclusion of the session the fielding captain should place the ball in its original box (that the ball was in at the commencement of the match) and provide it to the umpire to maintain the integrity of the ball. Alternatively, the umpire may take possession of the ball for the purpose of placing it in its original box, however, must be wearing gloves to do so.

Transferring the ball at the completion of an over to a new bowler

At the completion of each over the fielder who fielded the ball last will be responsible for placing it next to the stumps at the end of the pitch where the next over will be bowled.

Return to Play Guidelines (Cricket Australia Guidelines)

Storage of equipment during play

Bowler fielding on the boundary

At the conclusion of the previous over, the new bowler must place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc.), over the nearest boundary point to where they are currently fielding. The equipment can be collected by the individual at the completion of the over. The process can be repeated until the end of the bowler's spell. At no stage should the Umpire be required to hold/handle the players' equipment.

Bowler fielding in the infield

At the conclusion of the previous over, the new bowler, currently fielding in the infield, can undertake either of the following actions (whichever is the quickest option);

- Place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc.), on the ground directly behind the wicketkeeper (like a fielder's helmet). The bowler is responsible for the storage and collection of the material from this area. Should the ball strike this equipment during play, the ball shall be called dead, as normally this material would not be stored in this area;
- or
- Place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc.), over the nearest boundary point to the end they are bowling from.

At no stage should the Umpire be required to hold/handle the players' equipment during the match.

Setting up and remaking of the stumps during play

Each umpire shall be responsible for the maintenance of the set of stumps at their end of the pitch prior and during the match. Each umpire will be required to set up the stumps at their end at the commencement of play. Additionally, the responsible umpire will be the only person allowed to remake the stumps during play. Where only one (1) umpire is appointed they shall be responsible for both sets of stumps.

At the conclusion of each session the umpire shall be responsible for wiping down the stumps and bails with an antimicrobial wipe.

Return to Play Guidelines (Cricket Australia Guidelines)

Scoring Matches

It is recommended that scoring is completed by e-scoring via an individual tablet. The designated scorer should ideally be the only user of that device and will be responsible for uploading the data, either live or at the conclusion of the match. Should another user be required to score, the device must be sanitised prior to the next user operating the device.

Should a paper scorebook be required, to minimise additional contact there should ideally be only one-person utilising the book throughout the duration of the match. Should someone else be required to score, that person should supply their own pen. If another pen isn't available, the original pen must be sanitised prior to the next scorer using it. Umpires will not be required to physically handle the book but will verify the details visually.

Scorers should adhere to physical distancing requirements (1.5m apart) at all times when undertaking their duties. To facilitate this requirement, two separate tables should be set up, one for each scorer, as a single table will not ensure physical distancing parameters.

Team Sheets and Coin Toss

At the coin toss, each Umpire and both Captains must maintain physical distancing requirements (1.5m) with the Umpire to supply their own coin and be responsible for the toss of the coin.

As another parameter to minimise possible contact points, physical team sheets should not be used. The team sheets should be uploaded into the MyCricket system with the umpires and opposing captains to sight the digital copy of the team sheet.

Matches Impacted by COVID-19

Given the current climate facing the Australian community there may be instances where matches are impacted by either a confirmed or suspected case of COVID-19. Each State and Territory Chief Medical Officer will be able to provide specifics relating to testing and quarantine protocols in your relative State or Territory. However, given this situation is external to cricket, and often no fault can be attributed to participants who are suspected of having or have a confirmed case of COVID-19, it would be recommended that any match impacted by COVID-19 would be determined as a draw.

Player & Staff COVID-19 Etiquette for training & matches (Cricket Australia Guidelines)

Get in, Train, Get out

- Shower at home before you arrive and shower at home immediately after training. Avoid showering at the cricket facility unless required (e.g. live a long way from the facility)

 - Inner gloves should be used and washed in >60 degrees Celsius after each training

Coaches and Manager's Checklist

This checklist has been developed to support clubs returning to playing under their respective Government COVID-19 restrictions. The key principle for playing must be 'Get in, Play, Get out'.

NO SHARING OF EQUIPMENT

Participants, coaches, volunteers and parents understand that there is to be no sharing of equipment - including pads, gloves, protectors, helmets

STRICTLY NO CONTACT

There is to be no contact during matches between participants, officials, coaches and volunteers. This includes high fives, shaking hands and other physical contact.

PHYSICAL DISTANCING

All participants, coaches, volunteers and parents understand the need to observe physical distancing requirements of 1.5m at all times

MEMBERS UNDERSTAND RETURN TO PLAYING PROTOCOLS

The club and all members have read, understood and agree to adhere to all protocols and guidelines to Return to Playing

HYGIENE PROTOCOLS ARE IN PLACE

All measures outlined in the Return to Playing- Protocols have been implemented by the club

PLAN FOR THE SAFE ENTRY & EXIT OF PEOPLE FROM MATCHES

Plan on having breaks of at least 10-15 minutes between matches at the same venue to minimise crossover and allow for cleaning

NO SHINING THE BALL WITH SALIVA OR SWEAT

Ensure that participants understand that they are not to shine the ball with saliva or sweat at any time during matches.

Cricket Australia strongly recommends that all participants, coaches, volunteers and parents utilise the COVIDSAFE app to trace the spread of COVID-19

Return to Cricket Blast Checklist (Cricket Australia)

Checklist

Return to Cricket Blast

This checklist has been developed to support Cricket Blast centres returning under their respective Government COVID-19 restrictions. The key principle for all programs must be **'Get in, Play, Get out'**.

- 

SHARING OF EQUIPMENT

Cricket Blasters must bring their own Cricket Blast bat to each session, but if Blasters need to borrow a bat for that session ensure only they are to use it for the duration of that session. Blasters should avoid unnecessary touching of cones and equipment required to run activities.
- 

STRICTLY NO CONTACT

There is to be no contact at Blast sessions between Cricket Blasters, coaches, volunteers. This includes high fives, shaking hands and other physical contact.
- 

PHYSICAL DISTANCING

Where possible, Cricket Blasters are to observe physical distancing requirements of 1.5m during a Blast session. Coordinators are encouraged to remove or modify activities where Cricket Blasters cannot safely practice physical distancing. Coaches, volunteers and parents must observe physical distancing requirements of 1.5 at all times.
- 

WELCOME ASSEMBLY BRIEFING BY COORDINATORS

Coordinators must reiterate critical points to all Blasters as they relate to:

 - Importance of no contact & physical distancing
 - Sharing of equipment
- 

HYGIENE PROTOCOLS ARE IN PLACE

Centre coordinators understand the requirement to:

 - Disinfect all equipment after each session. This includes cones, stumps, balls and any other equipment used by Blasters
 - Where a session has multiple groups, assign equipment to respective groups for the duration of the session, ensuring it is not shared between groups.
- 

SAFE ENTRY & EXIT OF CRICKET BLASTERS FROM SESSIONS

Plan on having breaks of 10-15 minutes between Blast squads to minimise crossover.
- 

OBSERVE LIMITS OF BLASTERS PER BLAST SQUAD

Ensure all Cricket Blasters, coaches and volunteers understand there is to be no more than eight (8) Blasters in any activity at any time.

Cricket Australia strongly recommends that all participants, coaches, volunteers and parents utilise the COVIDSAFE app to trace the spread of COVID-19
